

Sunn~Starr Architectural

INTRODUCES...

The First Complete CADD Service ...

A Computer Aided Drafting and Design Service with experienced Architectural, Engineering and Construction Consultants in the fields of Design, 3-D Modeling and 3-D Multi-Media Animation.

While most services try to please all people in every situation, at Sunn-Starr Architectural we have chosen to specialize only in the A/E/C CADD marketplaces of Northern & Southern California.

Courtesy of - Christiansen / Geiger - Burbank, CA

If your current CADD system is DXF compatible, we can create a 3-D Model and Animate it for you. Or, if you prefer to model on your own, we can help with construction documents instead.

Regardless of your immediate or future needs, from simple CADD Input and Facilities Management to Full Installation and Training, Sunn-Starr Architectural is the one resource you can depend on.

... For A/E/C Design Professionals.
